### NEW QUESTION: 1

What is the major difference between venture capitalists and other types of portfolio managers?

- A. Portfolio managers cannot exert control over a company in the way a venture capitalist can.
- B. Venture capitalists require a much higher rate of return over the life of the investment.
- C. Portfolio managers do not become too involved with the companies they invest in, while venture capitalists do.
- D. There are no major differences between the two.
- E. Venture capitalists only invest in start-up companies, while other types of portfolio managers do not.

#### Answer: C

Explanation:

Explanation/Reference:

Explanation:

The major difference between venture capitalists and other types of portfolio managers is that portfolio managers do not become too involved with the companies they invest in because they may have to liquidate positions quickly. This is the direct opposite of venture capitalists who must establish more personal relationships with the entrepreneurs in whom they invested over much longer time periods.

### NEW QUESTION: 2
